# NEW FOR 2020 DSA SA58 FALO HEAVY BARREL (50.41 Configuration)

## FAL Design, Heritage & Rarity

### Introducing The NEW DSA SA58 Belgian Heavy Barrel FALO.

The DS Arms SA58 FAL 50.41 FALO is our recreation of one of the most iconic configurations the FAL was ever produced in! What sets the FALO 50.41 apart from other traditional FAL rifles is the specialized barrel & barrel components originally designed for the light support role with a heavy profile barrel meant for sustained fire with higher accuracy and stability during burst firing. The FALO also features a modified muzzle compensator that also serves as the heavy bipod attachment point. This combination with the American Black Walnut handguard and forward facing thicker carry handle truly make the FALO a one of a kind battle rifle design.

This beautiful battle rifle features a 21" Premium Heavy Barrel Profile Chrome Lined 1:10 Twist Barrel, a Type 2 Carry Handle Cut Receiver, Left Side Non Reciprocating Cocking Handle, and traditional FAL adjustable Belgian style selector switch, horizontal frame lock lever, Belgium style magazine release and humpback style buttstock. This iconic recreation of the FALO 50.41 is sure to be the centerpiece of any collection!
